

ACTS CHURCHES READING PLAN

This reading plan follows each church started in the Book of Acts. For each section of Acts we try to include how much time is covered. For each letter we note how long it has been since the gospel was first preached in that area. These dates are approximate.

We suggest you begin each day by praying for the Spirit to open your eyes to the truth God has for you in his word, and a heart ready to be shaped to his will.

We are providing a space for you to write whatever the Lord puts on your heart as a result of each day's reading.

May God bless you as you read his word and apply it to your life!
