

## A 90-DAY PLAN TO READ THE NEW TESTAMENT

The New Testament has 260 chapters, so if you read an average of three chapters a day, you can easily finish it within three months. The suggested schedule below can help you reach your goal. If you fall behind, don't be discouraged; just keep going! It may take you a little longer than 90 days, but it's better to finish later than to not finish at all.

We suggest you begin each day by praying for the Spirit to open your eyes to the truth God has for you in his word, and a heart ready to be shaped to his will.

We are providing a space for you to write whatever the Lord puts on your heart as a result of each day's reading.

May God bless you as you read his word and apply it to your life!
