

21 DAYS OF SEEKING GOD FIRST

BIBLE MEDITATION GUIDE

Read a passage each day. Read the passage in multiple versions (ESV, NLT, NKJV, AMP). Read the verses surrounding your primary passage for the day. This will provide context and ensure that you are understanding the truth of the passage.

Take time to reflect on each passage. Why did God include these words? What is God revealing about Himself? His character? How does this passage point to Jesus? What is one way I can respond in faith to this truth?

Use the space on the right side to turn what you learn from the passage in to a prayer for the day. How can you praise God for this truth? How does this passage invite you to confess sin and self-leadership? How can you pray for others using this truth?
